INTRODUCTION

The study of Education at the University of Winnipeg blends theoretical knowledge with classroom practice in order to prepare students for a professional teaching career. Students in the Education program take courses from a variety of disciplines such as history, philosophy, biology, sociology and psychology alongside courses that focus on curriculum and pedagogy.

The Education program at the University of Winnipeg is unique for several reasons. First, in addition to the preparation of pre-service teachers leading to provincial certification, the program provides an additional focus on urban inner-city education. Second, early in the program students are provided with the opportunity of working with teachers and children in classrooms. This enables students to begin the transition from university student to professional educator early in their university career. Finally, the program provides considerable opportunities for interested students to participate in community outreach projects and on-going faculty research.

BEd PROGRAMS

I. The Integrated BEd/BA/BPHE or BSc Program

This program requires students to complete a minimum of 150 credit hours. The Integrated BEd/BA/BPHE or BSc option makes it possible for students to work towards two degrees at the same time and it allows students who have made an early commitment to teaching to begin their studies within the first two years of their university career.

Normally, students enter the 5-year Integrated Program in the first year of university studies. Provision is made, however, for students who have already completed work towards another Bachelor's degree to transfer into the program.

In the 5-year Integrated Program students choose one of two streams:

ELEMENTARY prepares teachers for grades K-8

SENIOR YEARS prepares teachers for grades 9-12

Students must choose a major teachable area from the following:

Biology, Chemistry, English, French, Geography, German (Elementary stream only), History, Kinesiology and Applied Health, Mathematics, Physics, and Theatre and Drama.

Students must also complete a minor teachable area from:

Anthropology, Biology, Chemistry, Classics, Dance (Elementary stream only), Developmental Studies (Elementary stream only), Economics, English, French, Geography, German (Elementary stream only), History, Kinesiology and Applied Health (Physical Education), Mathematics, Philosophy, Physics, Politics, Psychology, Religious Studies, Sociology, Theatre.

II. The Two-Year After-Degree BEd Program

This two-year (60 credit hour) program is intended for students who already hold an undergraduate degree, which includes sufficient course work in two teachable areas. After-Degree students choose from the Elementary or Senior Years streams. Those interested in teaching at the Senior Years level must have a major teachable area consisting of 30 credit hours, and a minor teachable area consisting of 18 credit hours. Students interested in the Elementary stream must have a major teachable area consisting of 18 credit hours, and a minor teachable area consisting of 12 credit hours. In addition, they must have completed a Distribution Requirement consisting of 6 credit hours in English literature or French literature courses (courses in Rhetoric, Writing, and Communications cannot be used toward the English requirement); 6 credits hours in Math (only Math courses can be used to meet the Math requirement Statistics courses or research methods cannot be used), 6 credit hours in Science (only Biology, Chemistry, Physics, and Physical Geography courses can be used); 6 credit hours in Social Studies (only History and Geography courses can be used). Courses used toward the major and/or minor teachable areas can also be used to fulfill the Distribution Requirement. If students do not have 60 credit hours in their first degree which can be applied toward the BEd program, they must complete these requirements prior to applying to the program.

III. The Joint University of Winnipeg / Red River College Bachelor of Education Programs

The University of Winnipeg in conjunction with Red River College offers a five-year Integrated 150 credit hour BEd/BA/BPHE or BSc degree. Upon completion of the program, graduates will have a major in Business, Industrial Arts/Technology or Aboriginal Language education and a second academic major in a teachable subject area. Students in this program do courses on site at the University of Winnipeg and Red River College in all years of the program.

IV. The Joint University of Winnipeg / Red River College 2-Year or 3-Year After-Degree Program in Business Teacher Education, or the 3-Year After-Degree Program in Industrial Arts/Technology or the 2-Year or 3-Year After-Degree Program in Aboriginal Language

These programs are intended for students who already hold an undergraduate degree.

Business Teacher Education (2-Year or 3-Year After-Degree Programs): Students who have completed a first undergraduate degree with a significant concentration in business courses may be eligible for transfer credits at RRC. These students may be eligible to apply for a 2-year After-Degree program. Students whose first degree does not include a concentration in business courses would normally be eligible for a 3-year After-Degree program. Generally, students admitted to the 2-year After-Degree program will complete 30 credit hours of course work at RRC, and 30 credit hours of course work at UW. Generally, students admitted to the 3-year After-Degree program will complete 60 credit hours of course work at RRC, and 30 credit hours of course work at UW. Students may also be required to complete course work in a teachable minor in addition to the requirements for the BEd degree.

Industrial Arts/Technology Teacher Education (3-Year After-Degree Program): Students who have completed an undergraduate degree may be eligible to apply for a 3-year After-Degree program. Generally, students will complete 60 credit hours of course work at RRC, and 30 credit hours of course work at UW. Students may also be required to complete course work in a teachable minor in addition to the requirements for the BEd degree.

Aboriginal Language Teacher Education (2-Year or 3-Year After-Degree Programs): Students who have completed a first undergraduate degree with a significant concentration in Aboriginal language courses may be eligible for transfer credits at RRC. These students may be eligible to apply for a 2-year After-Degree program. Students whose first degree does not include a concentration in Aboriginal language courses would normally be eligible for a 3-year After-Degree program. Generally, students admitted to the 2-year After-Degree program will complete 30 credit hours of course work at RRC, and 30 credit hours of course work at UW. Generally, students admitted to the 3-year After-Degree program will complete 60 credit hours of course work at RRC, and 30 credit hours of course work at UW. In addition to the requirements for the BEd degree, students may be required to complete course work in a teachable minor and may be required to complete additional practicum to meet the number of weeks required by Manitoba Education and Training.

V. The Certified Teacher BEd Program

Certified teachers who have completed a minimum of one year of professional training and wish to upgrade their qualifications are eligible for this program. Students normally receive 30 credit hours in transfer credit for the year of teacher training and will be required to complete additional coursework (minimum 30 credit hours) to fulfill the requirements of the BEd/BA/BPHE or BEd/BSc.

VI. The Joint University of Winnipeg / Red River College Vocational Teacher Education Program

Graduates of the Red River College Vocational Education program who hold a limited teaching certificate may receive up to 90 credit hours towards the 150 credit hour BEd degree requirements.

VII. Winnipeg Education Centre Program (WEC)

The University of Winnipeg offers a 5-year Integrated BEd/BA program for residents of the inner city who are 21 years of age or older by the start of the September session, who are representative of the inner city population, and who are in need of academic, personal, and financial supports in order to pursue a university degree. Coursework is delivered on site at the University of Winnipeg. For further information contact the Winnipeg Education Centre, 2E00 - 511 Ellice Avenue, Winnipeg, MB, R3B 2E9, (204) 789-1418.

VIII. Community-Based Aboriginal Teacher Education Program (CATEP)

In partnership with Seven Oaks and Winnipeg School Divisions, The University of Winnipeg offers a specialized BA/BED degree program for aboriginal people who are working as teacher aides. Students must be employed by Seven Oaks or Winnipeg School Divisions and attend university part-time from September - April and full-time for May, June, and July. Due to the part-time nature of this program students will take 6.5 - 7 years to complete the 150 credit hours that comprise the degree. Applicants must first apply and be accepted by their school division for admission to this program.

IX. Post-Baccalaureate Diploma in Education (PBDE)

The PBDE is a 30 credit hour diploma program developed for in-service teachers. We currently offer both a General Stream, and a School Counselling Stream. Students in the General Stream can, depending upon their interests, needs, and/or areas of expertise, design their own, highly personalized program of studies. Students who hold a Bachelor's degree in an area other than Education, plus a full two years of related work experience, may be admitted to the General Stream. Students who complete the School Counselling Stream, and who have accumulated a minimum of two years successful teaching experience while holding a valid Manitoba Permanent Professional teaching certificate, will be eligible for a School Counsellor Certificate from Manitoba Education. Students must hold a Bachelor of Education degree in order to apply to the School Counselling stream.

Earning a PBDE has many benefits. Most notably, it allows educators an opportunity to grow personally and professionally by targeting and building their skills in specific areas. Concomitantly, it opens up possibilities for lifelong learning and personal/career enhancement for individuals who do not have the time, inclination, or background to enrol in a formal graduate program. There are other advantages as well:

- Manitoba Education, Citizenship and Youth recognizes the PBDE for salary classification purposes.

- In appropriate circumstances, Manitoba Education, Citizenship and Youth may also count some PBDE courses toward their School Clinician, Special Education, and Level 1 or 2 School Leader Certificates.
- As a recognized Diploma, the PBDE is conferred at Convocation, and often helpful for career development and advancement.

Additional Information

EDUC-5427(3) Supervised Counselling Practicum – students must have completed all other required and elective courses in order to be eligible to register for this course. This course involves completion of 100 hours of practicum in a school setting. Students cannot arrange their own placements, and cannot be placed in a school in which they are currently employed. Students may need to take a leave of absence from their jobs in order to have the time necessary to complete practicum hours. Placements are limited, and subject to cancellation if there is low enrollment.

GENERAL INFORMATION

Course Selection, Advising and Registration Information - Integrated Program, Years 1-3

- Education students are advised through the Faculty of Education Academic Advisors.
- Newly admitted students must attend an orientation prior to registering. Orientations are held throughout April - July. Dates of orientations will be provided in the registration materials students receive upon acceptance into the program.
- Registration materials for returning students can be found on-line beginning in mid-March. Specific materials necessary to registration are contained in these kits.
- Returning students are advised to participate in "early advising" which takes place in January, February, and March. It is highly recommended that students receive advising on an annual basis and before completing the end of Winter term in Years 1 and 2.
- Students are assigned a time to register and these appointment times are determined on the basis of credit hours completed and the student's grade point average. All Education students require certain compulsory Education courses throughout their program in order to meet requirements. These courses will fill on a first-come, first-served basis based during the assigned registration appointment times. Therefore, we recommend the following:
 1. Register at your appointed time in order to get the best selection of courses and sections.
 2. If one section of a required Education course is full, select and register for another section of that course. While you may wish to add your name to a wait list for your preferred section, it is in your best interest to be registered for the required course. Remember that all Education students require these compulsory courses and withdrawals from the courses or movement from one section to another is unlikely.
- Education students cannot register for school practicum courses during late registration periods (September and January) due to the lead-time necessary to arrange for a school placement.

Course Selection, Advising and Registration Information - Certification

- Certification students will be assigned an appointment time to register during Tier 2 and it is expected that students will register during this time. If a student does not register at their appointed time, the Faculty of Education will not guarantee entry into courses that have filled and the student may require an additional year in order to complete all requirements.
- Certification requirements must be completed in certain years. The Faculty of Education Program reserves the right to remove a student from a course if the student does not require the course for their program that particular year in order to accommodate a student who must have the course.
- The Faculty of Education reserves the right to move students from one section of a course to another section of the same course in order to balance sections and ensure that all students requiring the course are accommodated.
- We reserve the right to change a preferred course to another course which meets the same requirement if necessary to ensure that all students are able to register for the courses that they need in order to graduate.

Withdrawal or Removal from the Faculty of Education

- BEd students who are placed on probation, suspension or not allowed to continue status will be removed from the Faculty of Education and withdrawn from any ongoing Education or practicum courses.
- BEd students who do not register at the onset of a new academic year (September) will be withdrawn from the program. This regulation does not apply to certified teachers or students who have requested in writing and received permission from a Faculty of Education Academic Advisor to be kept on hold for that academic year. Generally students can have their status in the program held for a maximum of 1 year.
- Acceptance into the Faculty of Education is for that academic year only. Admission cannot be deferred. Students declining an offer of admission must reapply if they wish to seek entry at a later date. As admission is dependent on the qualifications of the pool of applicants each year, subsequent admission cannot be guaranteed.
- Students who are admitted to the program but who do not register within the specified time will have their acceptance withdrawn and must reapply.
- Students who register and subsequently withdraw from required education courses will be removed from the program unless they have received permission from a Faculty of Education Academic Advisor to withdraw.
- The BEd degree cannot be granted without completion of a minimum of a 90 credit hour undergraduate degree; however, students in the Integrated program can claim a BA, BPHE or BSc without completing the BEd portion should they wish to withdraw from the program. Such students should be aware that they will need to fulfil the University Indigenous requirement.

With the exception of the courses listed below, all Education courses can be used as credit towards an Arts, Kinesiology or Science degree:

EDUC-2512(1) Learning Theory Practicum
EDUC-2514(1) Learning Theory Practicum (WEC)
EDUC-3811(2) Teaching/Learning and the K-8 Curriculum Practicum

Part-time Attendance

In Years 2-5 of the program, students are required to spend time in the schools student teaching. Students must be able to make arrangements to complete the student teaching portion of the program. For the first few years, it is possible for students to attend on a part-time basis. The certification portion of the program must be taken on a full-time basis. After-Degree students must attend both years of the program on a full-time basis.

Changing Streams

Students in the Integrated Program identify a stream upon registering for Year 1. They may change their selection up until the end of Year 2 which is defined as the completion of 61 credit hours. No changes to streams will be considered in Year 3 of the program or once students have completed 61 credit hours or more.

Changing Teachable Majors or Minors

Students in the Integrated Program identify their teachable majors and minors upon registering for Year 1. They may change their teachable subjects up until the end of Year 2 which is defined as the completion of 61 credit hours. For students in the Senior Years stream, no changes to teachable majors or minors will be considered in Year 3 of the program or once students have completed 61 credit hours or more. For students in the Elementary stream, they may change teachable subjects in Year 3 of the Program as long as they can still fulfil the requirements of the major or minor prior to entering Certification Year 4.

Challenge for Credit in the Faculty of Education

The Faculty of Education has a residency requirement which includes all Curriculum, Instruction and Assessment courses as well as practicum, therefore, students cannot request challenge for credit for any of these courses. Also, with the exception of those who have been admitted to the Certified Teacher Program, students may not transfer Curriculum, Instruction and Assessment courses or practicum into their program.

Prior Learning Assessment and Recognition (PLAR) and Faculty of Education Courses

a) Practicum Courses

In order for teaching experience to count for credit in our program it must meet all of the following conditions:

- ii. be completed under the supervision of a Cooperating Teacher
- iii. be taken with the course work and assignments required for that level of practicum
- iv. be evaluated by a Faculty Supervisor and meet the expectations required for that level of practicum

b) Teaching Methods Courses

The same type of conditions outlined in a) Practicum Courses, apply to seeking credit for teaching methods courses in the Faculty of Education as these courses are taken in conjunction with practicum. - f) If, during a repeat attempt, the student withdraws from the course and/or practicum, this is considered an unsuccessful attempt and the student will be withdrawn from the Program.

II. Rules and Regulations Governing Years 4 and/or 5 (Certification) of the Integrated Program

- a) Students must apply to enter the certification portion of the program. Generally this application must be received by mid-January for certification in September of that year. In order to be eligible to enter certification year 4 students must have completed 91 credit hours of the appropriate coursework for their stream with an overall grade point average of 2.0 and an average of 2.0 in their major. In order to be eligible to enter certification year 5 students must have completed all year 4 requirements.
- b) Students who have been accepted into certification year 4 or 5 and who are unable to attend can request to have their space in the program held for a maximum of one year. If, after this year, the student is still unable to attend they will be withdrawn from the program and must re-apply. Readmission to the program is subject to review and is not guaranteed.
- c) The Curriculum, Instruction and Assessment (CIA) courses and practicum blocks are linked and must be completed together. Students must register for the appropriate Curriculum, Instruction and Assessment courses and practicum blocks for their year, stream and teaching areas each term.
- d) The Faculty of Education Office will assign students to particular sections of Curriculum, Instruction and Assessment courses and students may have a restricted choice of elective courses. Students must adhere to the timetable to which they have been assigned.
- e) Students are required to attend the "start of school" experience which takes place at the beginning of the school year in each of years 4 and 5. Typically this takes place in late August before university lectures begin and is an integral part of the practicum component of certification. Students who do not attend the start of school experience will be asked to withdraw from certification year.
- f) Some components of years 4 and 5 (e.g. practicum blocks) will take place outside of the regularly scheduled university year. Students will be provided with these dates in advance and will be expected to be available for all the components.
- g) Certification year students are expected to be available for classes on a full-time basis every day from 8:30 a.m. - 6:30 p.m. All other activities or commitments must be worked around the assigned timetable. Students who cannot make this commitment are advised to defer their certification.
- h) Students who fail or withdraw from a CIA course in the Fall term of Year 4 or Year 5 will immediately be withdrawn from the subsequent CIA course in that area in the Winter term. Their name will also be forwarded to the Performance Review Committee as they will be unable to complete Certification Year 4 or 5 in the allotted time. See Section V. Failing or Withdrawing From CIA courses or Practicum in Certification for more information.
- i) Students who receive a grade less than "C" in Curriculum, Instruction and Assessment courses or who fail a block of practicum will have their status in the program reviewed by the Performance Review Committee. As a result of this review the Committee will recommend to the Dean one of the following:
1. That the student be required to repeat the course(s) and/or practicum. Generally if a student is required to repeat a course he/she will be required to repeat the practicum as the practicum is an integral part of the course. When required to repeat a course the student will be expected to achieve a minimum grade of "C" in order to be allowed to continue in the Faculty of Education. Only one repeat of the course will be allowed.
 2. If a student receives a grade of "D" in a Curriculum, Instruction and Assessment course, the Committee may recommend that the student be allowed to continue on to the next year or graduate if all other requirements have been met.
 3. That the student be withdrawn from the Faculty of Education.

As a result of this review the Committee will recommend to the Dean one of the following. That the student:

1. be required to repeat the course(s) and/or practicum. Generally speaking if a student is required to repeat a course he/she will be required to repeat the practicum as the practicum is an integral part of the course, or
 2. be withdrawn from the Faculty of Education.
- k) Due to the fact that Curriculum, Instruction and Assessment courses and practicum blocks are linked and must be completed together, students may not withdraw from some C, I & A courses while remaining in others.
- l) Students will have one attempt to repeat the Curriculum, Instruction and Assessment portion and/or practicum of either year 4 or year 5 but not both. Students who do not successfully complete certification years 4 and 5 within the allotted time period will have their status reviewed by the Performance Review Committee and may be withdrawn from the program.
- m) Certification students who are placed on probation, suspension or not allowed to continue status will be removed from the BEd Program. If the student is placed on probation, suspension or not allowed to continue status at the end of the Fall Term, they will be immediately withdrawn from any ongoing or Winter Term Education or practicum courses.

III. Rules and Regulations Governing the After-Degree Program

- a) Students who have been accepted into the After-Degree Program but who do not register or begin classes will be withdrawn from the program. They will not be able to "hold" their spot in the program. Such students may reapply at a future date but as admission is dependent on the qualifications of the pool of applicants each year, subsequent admission is not guaranteed. After-Degree students are admitted to the program on the basis of the stream that they select when they apply. Therefore, they cannot change streams once they have been accepted.
- b) The After-Degree Program must be taken on a full-time basis as the Curriculum, Instruction and Assessment courses and practicum blocks are linked and must be completed together. Students must register for the appropriate Curriculum, Instruction and Assessment courses and practicum blocks for their year, stream, and teaching areas in each term.

Students who do not attend the start of school experience will be withdrawn from the Faculty of Education.

1. That the student be required to repeat the course(s) and/or practicum. Generally speaking if a student is required to repeat a course he/she will be required to repeat the practicum as the practicum is an integral part of the course. When required to repeat a course the student will be expected to achieve a minimum grade of "C" in order to be allowed to continue in the BEd Program. Only one repeat of the course will be allowed. Due to the sequential nature of the After-Degree Program students who are required to repeat courses must wait for the following September in order to do this, or

XI. Standards of Professional Conduct for Pre-Service/In-Service Teachers

1. The Faculty of Education at the University of Winnipeg is committed to maintaining its students' freedom of thought, belief, opinion and expression. As a professional program we are committed to assisting students in becoming professionals. The Faculty of Education has the responsibility of fostering the academic freedom of students within the context of professional standards of conduct and also has the responsibility of fostering the academic freedom of students with respect for the needs of the learner. The standards describe professional characteristics and behaviours students are expected to develop and demonstrate during practicum and course work. Students who do not demonstrate these professional standards may be referred to the Faculty of Education Performance Review Committee.

- a) In keeping with the Canadian Charter of Rights and Freedoms the student will respect the dignity and rights of all persons.
- b) The student acts in a responsible manner which includes being punctual, dependable and trustworthy in class and during practicum.
- c) The student maintains positive interpersonal relationships with peers, faculty, school personnel and pupils by contributing, cooperating, participating and working with others in a professional manner.

It shall not be considered a breach of this clause to report reasonable grounds for suspecting child abuse to proper authorities according to legal requirements.
- f) The student respects the confidentiality of information about pupils, peers, school personnel, or faculty received in confidence or in the course of professional duties.

2. Professional Misconduct

As educators, Faculty of Education students are expected to model and encourage appropriate learning behaviours in themselves and their peers. Recognizing that they are part of a class and that their behaviour and attitude has an impact on the class, the goal of all our students should be to create a positive learning environment where they learn from the instructor and each other. Faculty of Education students are expected to recognize the important and crucial role of the instructor in the learning process and to award their instructors the respect and authority which is inherent in the role.

Professional Misconduct can include, but is not restricted to, the following:

- a) Persistent failure to attend class
 - b) Persistent disruptive behaviour in class such as:
 - talking in class during lectures or presentations
 - arriving late for class and/or leaving class early
 - use of cell phone in class

- Gross misconduct is defined as, but not limited to, intoxication (whether from alcohol or drugs), fighting or other physical abuse, indecent behaviour, theft, serious breaches of health and safety rules, uttering threats, offensive behaviour (such as discrimination, harassment, bullying, abuse and violence) and gross insubordination.

Grievance procedures may be lodged against a student under the Standards of Professional Conduct for Pre-Service Teachers. These procedures are outlined in the "Faculty of Education Grievance Resolution Procedures" document.

XII. Attendance Policy

The Bachelor of Education Program leads to a professional degree. Accordingly, students are expected to attend, be punctual and participate in all classes. These expectations acknowledge their importance for the teaching and learning process and the professional responsibilities of teachers. These expectations are implicit in Education courses, but may be emphasized explicitly in addition to the University of Winnipeg's academic regulations concerning attendance (see section Regulations & Policies, 3a Attendance).

Students are encouraged to volunteer and participate in extra-curricular activities in their host schools. However, students must ensure that no conflict occurs between the school activity and their attendance in class. Student Teachers are not to miss University classes for school activities.

XIII. Professional Development

The Faculty of Education prides itself on preparing well-rounded professional teachers who are committed to life-long learning and professional development. In keeping with this goal the faculty offers a professional development program each year for all students designed to supplement their regular coursework. This non-credit program is voluntary but students are strongly encouraged to participate in order to enhance their understanding of the classroom context and to develop additional skills beyond those acquired through academic and practicum courses. Participation in the program is considered a professional responsibility and in keeping with the expectations that will be held for them in their role as a classroom teacher.

The Professional Development Program consists of a series of seminars offered throughout the fall and winter terms. They are typically offered no more than once a week for an hour during the free slot and the topics are posted in advance. The series concludes each term well before the start of the exam period. Students receive a participation certificate for attendance at each seminar. Many students opt to include these certificates in their teaching portfolios as an indication of their commitment to professional development and the practice of life-long learning.

The topics covered in the professional development sessions are varied. They are designed to provide information and ideas that are supplementary to students' coursework but which relate to the role of the classroom teacher. Many of the sessions are delivered by representatives of organizations whose activities are related to and supportive of the educational process in schools. Others are delivered by university faculty. The topics vary each year but a representative sample of the topics includes the following:

Working with Behaviorally and/or Emotionally At-Risk Children and Youth.
Violence and Abuse Prevention
Developing Resiliency in Youth Through Mentoring
Teaching in an International Setting
Summer Projects for Inner City Children and Youth
Overcoming Math Anxiety in Pre-Service Teachers

XIV. Removal from Faculty of Education

- a) Students may be removed from the University of Winnipeg, Faculty of Education programs for one or more of the following reasons:
1. Failure to meet or maintain academic grade-point requirements as established by the University of Winnipeg and the Faculty of Education. In the case of academic Probation or Not Allowed to Continue Status, withdrawal is automatic and will take place without a review or further procedure.
 2. As a result of a ruling by the Performance Review Committee (see Faculty of Education Program Rules and Regulations in the General Calendar for more information).
 3. As a result of behaviour judged to be in violation of the Manitoba Teachers Society Code of Professional Practice or the Standards of Professional Conduct for Pre-Service Teachers or for Professional Misconduct (see Section IX of Faculty of Education Rules and Regulations in the General Calendar for more information).
 4. Failure to sign a Performance Contract.
 5. Non-compliance with the conditions of a Performance Contract.
 6. Ineligibility for a practicum placement.
 7. As the result of a change in the status of a Criminal Record or Child Abuse Registry entry.
 - Students who appear on the Child Abuse Registry will be immediately withdrawn from the Faculty and any ongoing Education courses.
 - Students reporting a change in the status of their criminal record will have their case evaluated by the Legal Records Check Committee. They will be informed of the Committee's decision in writing. Students who are not allowed to continue in the Faculty of Education will be immediately withdrawn from the Faculty and any ongoing Education courses.
 8. As a result of academic or non-academic misconduct.
- b) In the case of gross misconduct, students will be removed from practicum and immediately suspended from their courses in Education until the case is reviewed by the Dean and a final decision is made.
- c) Removal from the Faculty of Education means the student will be withdrawn from all Education courses, removed from practicum, and removed from any Faculty of Education sponsored or affiliated activities (i.e. mentoring sites, WESTCAST, international teaching opportunities, Contact to Contract, etc.)
- d) Applicants who have been removed from the Faculty of Education as a result of being on Probationary or Not Allowed to Continue Status must meet "regular" status in order to be eligible to reapply.
- If the student has subsequently completed a degree they are eligible to apply to the After Degree Program and should follow the application processes for that category.
 - If the student has achieved regular status and is eligible to apply as a Transfer applicant they should follow the application processes for that category.
 - If, in the case of Access Programs, the student achieves regular status and wishes to re-enter the WEC or CATEP Program they should write a letter to the Director of Access Programs including:
 - their reason(s) for reapplying
 - the reason(s) they think a subsequent attempt will be successful
 - the measures they have taken to increase their chances of success in the Faculty
 - The applicant may be required to provide medical or other documentation.
 - An interview may be required.
 - Reapplication does not guarantee readmission.
- e) Students who have been removed from the Faculty of Education as a result of a ruling of the PRC and wish to reapply should be aware of the following:
- Due to the limited number of spaces applicants who have been admitted in the past receive low priority for readmission.
 - Students cannot reapply to the Program for a period of 3 subsequent academic years. (For example, if the student was removed in June of 2018 they cannot reapply until the 2021/22 year.)
 - Readmission only takes place for classes starting in September and students must apply by March 31 of the year they wish to start classes in the Fall.
 - The student must write a letter to the Dean of the Faculty of Education including:
 - their reason(s) for reapplying
 - the reason(s) they think a subsequent attempt will be successful
 - the measures they have taken to increase their chances of success in the Faculty
 - The applicant may be required to provide medical or other documentation.
 - An interview may be required.
 - Reapplication does not guarantee readmission.
 - If the applicant is granted readmission they will then complete an official application to the Faculty of Education through the Admissions Office.
