

The University of Winnipeg Golden Key Chapter is a student group involved in activities that promote the three pillars of the Golden Key International Honour Society (GKIHS): academics, leadership, and service. The academic activities include funding three annual UW-GK scholarships, offering free tutoring services, and hosting MCAT and LSAT seminars in partnership with *The Princeton Review*.

Leadership and service are combined with numerous on- and off-campus volunteer initiatives. This year, the Chapter is working with service organizations such as Canadian Blood Services, Let's Talk Science, Canadian Red Cross, Siloam Mission, and the Children's Hospital at the Health Sciences Centre Winnipeg. Additionally, students are offered personal- and professional-development workshops, for example, Interview Skills workshop, Résumé & Cover Letter workshops and a *Robert's Rules of Order* seminar.
