Note 1 - 2015-2016 will be the first full year of operations for the Rec-Plex. We anticipate the operating deficit to shrink to zero over the next two years as demand builds for the parking lot and field space.

Note 2 - The parking revenues included in this revenue summary relate to parking revenues that are not allocated to off-set the mortgage or lease costs of specific buildings (such as the Science Complex or AnX surface lot). Parking revenues for the Rec-Plex are allocated as revenues to that facility. All other parking lots are recorded in the Parking Department business centre.

Note 3 - There were a number of changes to the VP Finance, Financial Services and Other Finance and Admin Expenses budgets due to administrative restructuring which took place in April 2016. Combined from 15-16 to 16-17 on these three lines decreased \$23,500.

Note 4 - Operating funding allocated to scholarships has decreased but will be off-set by increased scholarships from external sources

Note 5 - the Marketing and Communications budget was decreased by 6.9% in 15-16, but this temporary savings needed to be reinstated for the 16-17 budget
