Start Here

Whether you want to change the world or nurture your own neighbourhood, UWinnipeg is the place to begin. Connect with open-minded learners, caring professors, and brilliant researchers. Inspire – and be inspired by – others who share your passion to do something special. Thrive in a supportive, diverse learning environment where your success is celebrated.

Welcome to The University of Winnipeg! In these pages, you'll find out who we are, all that we offer, how to apply, and what you need to know about our diverse, environmentally-friendly campus. We look forward to having you join the UWinnipeg community.

Learn, Grow, and Belong

No one wants to be considered just a number. Thanks to our small class sizes, caring professors, and compact campus layout – you won't be. We encourage individuality within an environment that fosters a true sense of belonging. Here, you will make real and meaningful connections.

With a diverse mix of people, cultures, and ideas, our campus is a place of inclusion. Our community includes students from around the world, brilliant researchers pursuing amazing discoveries, and passionate learners who walk, cycle, and ride downtown each day. This diversity fosters idea-sharing and promotes understanding. It also creates a unique environment in which to make new and lasting friendships. At UWinnipeg, it's all about the magic that comes from people connecting with other people.

25:1

The estimated student-to-professor ratio at UWinnipeg is 25 to 1.

Your professors will get to know you by name – that's the beauty of a small campus community.

🕒 Sidney Leggett

Surrounding herself with strong female role models empowered Sidney Leggett to reach her goals. While completing a Bachelor of Science in applied computer science, Leggett has made connections that have left a lasting impact. Her involvement with the Computer Science Student Association led her to meet like-minded people who pushed her to speak her mind and advance her academic skills. These new perspectives and teachings all came to a head when Leggett met with former first lady Michelle Obama who reminded her to be assertive and write her own story as a woman in STEM. Today, Leggett's hard work has awarded her the McCall MacBain Scholarship, Canada's first comprehensive leadership-based scholarship program for master's and professional studies, letting her pave the way for the next generation of girls in STEM.

Prepare to Make an Impact

It might happen in a lab or out in the field. It could be sparked by a classroom discussion about reconciliation or sustainability. It may stem from the desire to cure a disease or help people live healthier lives. Whatever inspires you, get ready to make your mark on the world.

Research at UWinnipeg takes many forms. We have scientists working on important medical advances – like tests that will detect cancer sooner. Others are looking into ways of protecting the environment and combating the stigma of mental illness. Our researchers are breaking new ground, and our students are helping them lead the way, via hands-on research opportunities. Whether your passion takes you into the lab or to the heart of an important issue – get ready to make your impact.

08

UWinnipeg is home to eight Canada Research Chairs.

The Prairie Climate Centre on campus provides data and research to help organizations prepare for the impact of climate change.

🕒 **Mohamed Crossman-Serb**

Doing university his way meant Mohamed Crossman-Serb taking on a double major in Chemistry and Kinesiology with room to explore the great outdoors. As an over achiever, he used his knowledge to push himself gaining invaluable experience working alongside Dr. Nora Casson on the influences of climate change on water quality. Combining his love for the outdoors and his academic knowledge, Crossman-Serb is now the director and co-founder of a non-profit organization called Waterways Recreation, creating programs that support community wellness through outdoor recreation. Crossman-Serb credits The University of Winnipeg for encouraging him to excel at what he loves.

Make the Most of Your Experience

Embrace university life in a way that fits you best. Open your heart and mind. Try new things. Make new friends. Give and accept support when needed. Have fun. Above all – make the most of every opportunity that comes your way.

Something is always happening at our vibrant downtown campus to feed your mind, body, and spirit. Cheer on our Wesmen athletes (who've won 20 national championships). Practice yoga or work out. Take in an art exhibit or a public lecture – we've welcomed Jane Goodall and Edward Snowden. Experience our annual Duckworth Great Rock Climb, a UWinnipeg tradition. And enjoy some of the best, most sustainable campus meals in North America, provided by our award-winning Diversity Foods Services.

60

There are more than 60 student groups on campus. Get involved – there's something for everyone.

Free, unlimited access to athletic facilities is available to all full-time students.

➔ **Sharissa Neault**

Psychology student, Sharissa Neault, customized her university experience to get the most out of her academics, student life, and culture. Filled with ambition, she became the president of The Canadian Indigenous Science and Engineering Society, helping other Indigenous students reconnect with their cultures within academia. In her spare time, Sharissa works alongside the Manitoba Indigenous Cultural Education Centre to share Ininimowin (Cree) with others on TikTok, inspiring Indigenous youth to identify with their culture and language. All of her hard work peaked when she spoke her native language in her valedictorian address to supportive faculty and the class of 2022.

Gain a New Perspective

Our campus is located in one of Canada's most diverse neighbourhoods. This is fitting – as we are proud to be a welcoming community that embraces diversity and inclusion.

We all benefit when we learn from one another – enriched by the sharing of culture, knowledge, and ideas. UWinnipeg proudly welcomes learners from around the world and is inspired by wisdom and guidance from its Indigenous Advisory Circle. Each year, we honour our community's incredible diversity at major celebrations like Cultural Night, the Graduation Pow Wow, India Centre Dinner, and Pride Week. These activities are not only valuable occasions to learn something new. By embracing these opportunities, you are getting ready to discover other worlds and make new friends.

10%

A growing number of our first-year students self-identify as Indigenous: First Nations, Métis, or Inuit.

UWinnipeg is one of the first universities in Canada to ensure all students have foundational knowledge of Indigenous people and culture. And we're proud to say the idea came from our students.

Morag Morison

Learning from the land

While taking a major in urban and inner-city studies along with a minor in Indigenous studies, Morag attended UWinnipeg's summer Ojibwe field course to deepen her understanding of Indigenous languages and ability to be respectful of treaty land. She also took part in Youth United – a program that brings together suburban and inner-city students in a variety of community settings and cultural experiences, providing opportunities to develop new relationships while exchanging ideas and perspectives.

Rise to Any Challenge

The beauty of learning is that it can happen in a variety of ways. We often think of being in the classroom, using a textbook. But it also happens while doing research in a lab – or getting experience in a workplace. It can take hold through video, a lecture, or a conversation.

Here, you'll learn from caring professors, helpful mentors – and one another. You will learn to ask questions and think critically. You will encounter new ideas and also explore traditional ways of knowing. You will discover there are different approaches to any challenge. You will gain valuable knowledge. And you will develop important skills to prepare for success. At UWinnipeg, we are dedicated to providing the tools required for a bright, productive future. So you can go out and make a difference.

⊕ Abinash Meher

From flower petals to cancer cells, Abinash Meher has always been fascinated by numbers in nature. In the lab, he works alongside Dr. Anuraag Shrivastav studying cancer at the molecular level. His experiences have shaped his thinking and given him the tools and perspectives that challenge him to get the most out of his UWinnipeg experience. Outside the lab, you can find him enjoying a coffee with his lab mates at Tim Hortons, cheering on the Wesmen volleyball teams at the Duckworth Centre, or volunteering at Let's Talk Science where he shares his love of math and science with younger students.

400+

UWinnipeg offers 400+ courses in more than 50 fields of study.

UWinnipeg grads get hired – they have an employment rate of 95.9% two years after graduation.

Academic Programs

 - Business/Technology
 - Industrial Arts/Technology
 - Technical Vocational
- ➔ Additionally, UWinnipeg offers language courses in Arabic, Chinese, Cree, Dutch, Greek (Ancient), Hebrew (Biblical), Italian, Japanese, Latin, and Ojibwe.

Application Deadlines

* Students receive priority course registration for the Fall term

How to Apply

uwinnipeg.ca/apply

01.

Choose a Program

Decide which program most interests you and select it as your major. On the application form indicate the major, faculty, and degree option (for example, 3-year, 4-year or Honours).

Consult the Program Guide for a list of programs by faculty. Each description lists the degree options available and any required grade 12 courses.

Don't worry about making a wrong decision at this early stage - you can make changes to your program or degree option after your first year. The first year is the best time to take a variety of courses.

You can find the general admission requirements on page 16, and faculty of education requirements on page 18.

⌚ Remember to report all 40-level courses, including any taken in grade 11 and in your second semester of grade 12.

02.

Apply Online

Go to uwinnipeg.ca/apply and click the Apply Now! button to access the Application Portal.

Create an account by entering your personal details, email address, and a password.

An email will be sent to the email address you provided. Click on the link to confirm your account, then log back in. Start the application by clicking Create a New Application.

Current Manitoba high school students will need to provide expected grades for a minimum of **five grade 12 courses** (include all 40-level courses, from both first and second semester). The University will request final grades directly from the school for all applications received by June 1.

The **MET** (Manitoba Education and Training) **number** is also required. This is a 9-digit number found on report cards or requested from your school's main office.

Students who have **permanent resident status** in Canada or are **landed immigrants** must submit a copy of their landed immigrant papers, permanent resident card (both front and back), proof of citizenship or passport by uploading a scan in the Application Portal.

03.

Pay the Application Fee

There is a one-time, non-refundable \$100 application fee that can be paid online with a credit card when you apply, or later with a cheque or money order, payable to *The University of Winnipeg*. Payment can also be made in person at Student Central, 489 Portage Avenue.

04.

Check Your Application Status

Continue to log in to the Application Portal to check on your status after you have applied. The Admissions Office will notify you if anything else is required for your admission. You can expect a decision 2-4 weeks after you have completed your application.

05.

Apply for Awards

We offer scholarships and awards to assist you with funding your post-secondary education. In order to be eligible you must apply for admission before March 1. Some scholarships require a separate application. See page 23 for more information.

First-Year Tips:

Things to consider before you apply

Deciding What to Study

- › Start directly in the area/subject that interests you
- › You can sample other courses in your first year
- › All courses taken in the first year will count towards your degree

Applying for Admission

- › You don't choose your courses when you apply for admission
- › When you apply, select a faculty and a major (for example, Faculty of Arts – Psychology), along with a degree option (3-year, 4-year or Honours)
- › You can change your major/degree plan during your studies.

Choosing First-Year Courses

- › Students starting in September register for courses in June or July
- › The major subject is only part of the schedule – this is a good time to study a variety of subjects
- › Create your own schedule. Full-time students take 3-5 courses each term

⊕ Resources for Accepted Students

- › The factsheets (uwinnipeg.ca/factsheets) provide lists of suggested courses to take
- › F.Y.I Sessions – learn more about registering for courses and creating a schedule, visit uwinnipeg.ca/fyi for more information
- › Academic Advisors are available for drop-in appointments
- › Online guides and videos outline each step of the course selection process at uwinnipeg.ca/student

Admission Requirements

uwinnipeg.ca/future-student

UWinnipeg students bring diverse experiences and backgrounds to our vibrant community. Whether you are a Manitoba student completing high school, an adult learner, a second degree-seeker, or from another province, we welcome you.

Manitoba High School Students

Regular requirements for programs in all faculties (except the Faculty of Education):

Current high school students graduating in June, or high school graduates, should have at least 30 Manitoba high school credits, including:

- › Five credits at the grade 12 level (40 S, G or U). Three must be 40S. Physical Education 40F cannot be used as one of the five courses.
- › Present at least one credit of core English 40S (Comprehensive, Literary or Transactional Focus) and one credit of core Mathematics 40S (Pre-Calculus, Applied, or Essential).
- › Have a minimum 65% admission average,calculated using:
 - One English 40S
 - One Mathematics 40S
 - One other 40S credit from a different subject area

The highest grade will be used for each required course, if more than one option is available.

Some programs have specific prerequisite courses, which can be found with each program description, if applicable. See the Program Guide (see insert), view program factsheets online at uwinnipeg.ca/factsheets, or visit uwinnipeg.ca/pre-req.

There are many types of students looking to study at UWinnipeg, at all stages of their academic path. For other admission categories, including mature, transfer, and homeschooled, visit: uwinnipeg.ca/admissions-req.

Français/French Immersion Students

In place of English 40S, Français and French Immersion students may present Anglais 40S or Français 40S to calculate the admission and entrance scholarship averages.

AP & IB Credits

UWinnipeg recognizes the Advanced Placement (AP) and International Baccalaureate (IB) secondary school programs, and will take these courses into account when considering admission requirements, scholarships, and university credit. Transfer credit awarded for more than 25 AP courses and more than 20 IB courses.

Visit uwinnipeg.ca/ap-ib for more information.

- Ⓢ The language of instruction at UWinnipeg is English. If English is not your first/primary language and you are not from an English-exempt country, you must provide supporting documentation to show you meet one of the required conditions. Visit uwinnipeg.ca/language-req for more information.

Out-of-Province Admission Requirements

In order to qualify for general admission, students need to meet the high school graduation requirements in their home province as well as any additional UWinnipeg entrance conditions. The required minimum admission average is 65% for all provinces.

| Province | Requirements for Admission | English Requirement |
|---------------------------------------|--|-------------------------|
| Alberta/Northwest Territories/Nunavut | Five academic courses at the 30 level | English 30-1 |
| British Columbia/Yukon | Four academic courses at the grade 12 level | English 12 |
| New Brunswick | Six academic courses at the 120, 121 or 122 level | English 121/122 |
| Newfoundland | 10 credits at the 3000 level | English 3201 |
| Nova Scotia | Five academic or advanced courses at the grade 12 level | English 12 |
| Ontario | Six courses at the grade 12 U or M level | English ENG4U |
| Prince Edward Island | Five academic courses at the grade 12 level (621 or 611) | English 611 or 621 |
| Québec | One year of CEGEP with a minimum of 12 academic courses. The grade 12 certificate of graduation with six academic subjects may also be considered. | English 603 (2 courses) |
| Saskatchewan | Five academic courses at the 30 level | English A30 and B30 |

The admission average is based on the required English plus the two highest academic courses. The requirements for admission and the calculation of the admission average differ for the Faculty of Education (see next page).

Application steps for out-of-province students:

1. Fill out an online application at uwinnipeg.ca/apply (see How to Apply on p.14 for more information).
2. Admissions will send you a form to complete requesting a list of expected or final grades for all grade 12 courses, including course name and provincial course code (e.g. ENG4U 75%)..
3. For all students who apply by June 1, the University will request final transcripts from your school, except for BC and AB students, who will need to send it on their own.

For course equivalencies from outside of Manitoba, go to uwinnipeg.ca/equivalency-chart.

Faculty of Education Admission Requirements
uwinnipeg.ca/education-apply

The Faculty of Education’s Integrated program is a limited enrolment program and there is a selection process for each category. Refer to the English/Math Combination Chart below to check eligibility and to see how the admission average will be calculated.

Admission to the Integrated Education program is competitive, and students who are not admitted may be offered general admission into another UWinnipeg faculty, where they can start a program in their desired teachable areas, and then apply to transfer into the Faculty of Education the following year.

English/Math Combination Chart

| English | Pre-Calculus Math | Applied Math | Essential Math |
|--|-------------------|-------------------|-------------------|
| 2 Credits of English -or- English/Anglais & Français | Eligible ✔ | Eligible ✔ | Eligible ✔ |
| 1 Credit of English | Eligible ✔ | Not Eligible ✖ | Not Eligible ✖ |

Note:

- 1. Essential Mathematics 40S cannot be used to calculate the admission average. Advanced Placement and International Baccalaureate courses can be used to calculate Education admission and entrance scholarship averages.
- 2. Elementary stream: Students who have not successfully completed either Applied or Pre-Calculus Mathematics 40S will be required to take an additional non-credit mathematics course to meet the math prerequisite for the mandated math course in the program OR take an entrance test to determine if they meet the math prerequisite. For more information, please contact the Faculty of Education at 204.786.9491 or education@uwinnipeg.ca.

How is the admission average calculated?

For those with the eligible combination of English and math, the higher grade of either the combined English credits or the math credit will be combined with two courses from the Approved List on the next page.

Example 1:

- › English Comp Focus 40S: 75%
- › English Literary Focus 40S: 79%
- › Applied Math 40S: 85%

The combined English grade is 77% and so the higher Applied Math grade of 85% will be used along with two Approved List courses.

Example 2:

- › English Transactional Focus 40S: 84%
- › Français 40S: 80%
- › Pre-Calculus Math 40S: 75%

The combined English and Français grade of 82% is higher than the Pre-Calculus grade, and so that will be used along with two Approved List courses.

For students with only one English 40S, the average will be calculated using the Pre-Calculus Math and two Approved List courses.

Approved List of Grade 12 Courses

The following courses can be used to calculate the average for entrance into the Faculty of Education:

| | |
|---|---|
| Accounting Systems | German |
| Anglais | Global Issues: Citizens and Sustainability |
| Art | Hebrew |
| Biology | History of Western Civilization |
| Chemistry | Italian |
| Chinese (Cantonese) 41G | Japanese |
| Chinese (Mandarin) | Latin |
| Cinema as a Witness to Modern History | Law |
| Computer Science | Mathematics (Applied or Pre-Calculus) |
| Cree/Ojibway/Saulteaux 41G | Music (one of: Band, Choral, Guitar, Strings, Private Music Option) |
| Current Topics in First Nations, Métis, and Inuit Studies | Physics |
| Dramatic Arts | Polish |
| Economics | Portuguese |
| English (two credits) | Psychology |
| Family Studies | Spanish |
| Filipino | Ukrainian |
| Français | World Issues |
| French | World Religions |
| Geography | |

All courses 40S unless otherwise indicated

Student Services

uwinnipeg.ca/student-services

We're known for our strong student supports. Here, you'll have access to a wide variety of free student services to support you in your studies.

Academic and Career Advising

uwinnipeg.ca/academic-advising

We are dedicated to helping you reach your academic and career goals. Meet with an academic advisor every year throughout your studies to get the most out of your degree plan. If you would like to explore your career options or learn more about how your degree relates to a career in your chosen field, you can meet with a career advisor, who can also help with employment services like résumé writing and interview skills.

Accessibility Services and The Accessibility Resource Centre

uwinnipeg.ca/accessibility-services

If you are a student who requires Accessibility Services (AS) including adaptive and/or accommodation services, you can declare your interest in receiving information about AS on your application (centre located in 1M35, on the first floor of Manitoba Hall).

Adult Learner Services

uwinnipeg.ca/adult-learner-services

If you are a new student who has been out of school for three or more years and do not meet the regular admission requirements, you qualify for mature status. Turn skills gained through work and life experience into university acceptance and credit.

Awards and Financial Aid

uwinnipeg.ca/awards

Find out how to finance your studies and how to apply for scholarships, awards, bursaries and government student aid.

Student Wellness

uwinnipeg.ca/student-wellness

Comprehensive general and specialized counselling and health services are provided to all students for free at the Wellness Centre, located on the first floor of Duckworth Centre (1D25). Klinik on Campus offers free and confidential health information, workshops and medical appointments.

Aboriginal Student Services Centre (ASSC)

uwinnipeg.ca/assc

A hub of excitement and a vibrant gathering place for educational, cultural, and social activities, the ASSC strives to create a sense of community for Indigenous students throughout their studies. The student lounge has a computer lab, lockers, and a kitchen facility, and is open seven days a week. Supports include Elders-in-Residence, free tutoring, and academic advising.

International, Immigrant and Refugee Support Services (IIRSS)

uwinnipeg.ca/iirss

IIRSS was created to provide a safe, educational and culturally sensitive environment for all international, immigrant, refugee, and newcomer students as they pursue their academic studies, from admission through to graduation. Take advantage of the social and cultural activities as well as the support and advising that IIRSS provides.

Programs offered through ASSC & IIRSS:

- › **Transition Year Program**
The transition to post-secondary studies may be challenging and difficult for some high school students and mature adult learners. The Transition Year Program (TYP) has been developed to assist students in building the academic and personal coping skills necessary for post-secondary success.
- › **Mentor Program**
Open to any new student, including international, visiting and exchange students, newcomers, rural Canadians, adult learners, and any other student who wants to meet new people, get some extra help, and learn new things about UWinnipeg and living in the city.

📍 The majority of our Student Services departments are located in one convenient location at **489 Portage Avenue**, in the Rice Centre, across the street from the main campus.

Campus Living

uwinnipeg.ca/campus-living

Living in residence at UWinnipeg gives you the opportunity to live on your own, without being alone. You'll meet students from across Canada and around the world, establish lifelong friendships, and get involved in a variety of activities around campus and in the surrounding area.

Residence Options

McFeetors Hall offers modern, air-conditioned dorm-style units with a private washroom, common lounge areas with a TV, kitchen and free Wi-Fi, study areas, and laundry facilities. Room options include single and double furnished dorms.

The Balmoral Houses feature shared common areas and private bedrooms with air conditioning.

Other options include family housing in McFeetors Hall as well as Downtown Commons, a mixed-use apartment complex across from the main campus.

| Residence Options and Fees for One Academic Year (September-April) | | |
|---|--|----------|
| McFeetors Hall | | |
| Single furnished dorm with meal plan | | \$10,610 |
| Balmoral Houses | | |
| Single furnished dorm | | \$5,200 |

Scholarships and Bursaries

uwinnipeg.ca/awards

UWinnipeg is committed to accessible post-secondary education and to recognizing the academic achievements of our students. We distribute approximately \$6 million in scholarships and bursaries to new and current students each year. New students are automatically considered for entrance awards during the admission process and our online awards application portal makes it easy to apply for additional opportunities to support your studies.

Entrance Awards and Scholarships

A number of entrance scholarships and awards require a separate application and information not found in the student record including community involvement, leadership experience, letters of reference, etc. After submitting your application for admission, log in to your awards portal to apply for awards. The awards application deadline is March 1.

Special Entrance Scholarships

These scholarships are awarded to recent high school graduates based on their admission grade average, starting at 85%. You are automatically considered for these scholarships by submitting a completed admissions application before March 1. To see how the admission average is calculated, go to page 16.

Values:

- › 85-89.9% – \$1,100
- › 90-94.9% – \$1,750
- › 95-100% – \$2,250

Ⓢ It is now easier to apply for awards with our new online application: uwinnipeg.ca/awards/apply-for-awards

International Baccalaureate Entrance Scholarship

Students must present the International Baccalaureate Diploma with a grade total of at least 30, including the extended essay and the *Theory of Knowledge* course, and with no grade below four on the three higher level and three subsidiary level papers.

Value: \$2,250

Advanced Placement Program Entrance Scholarship

Awarded to AP students who score an average of 3.5 or better on all AP exams and have scores of 3 or better on five or more of these exams.

Value: \$2,250

AP/IB Transfer Credit Scholarship

Students admitted directly from high school who choose to transfer AP or IB examination results as credit towards their undergraduate studies will receive a scholarship.

Values:

- › \$250 for each AP exam result of 5
- › \$150 for each AP exam result of 4
- › \$250 for each IB final result of 7 on higher level papers
- › \$200 for each IB final result of 6 on higher level papers and 7 on standard level papers
- › \$150 for each IB final result of 5 on higher level papers

Note: To apply, submit a completed Request for Transfer Credit form before October 31.

In-Course Awards and Bursaries

First-year and continuing UWinnipeg students are eligible for a wide range of awards, bursaries, and prizes in the fall term. The online awards portal automatically matches students to awards based on their student record. Be sure to log in to provide additional information required for many in-course awards and bursaries.

Opportunity Fund Bursary and General Bursary

Bursaries are available to current full-time students with a financial need and a minimum GPA of 2.0. The Opportunity Fund is a unique UWinnipeg initiative and endowment which supports bursaries for Indigenous, low-income and refugee students, as well as those from war-affected countries, recent immigrants, and mature learners. General Bursaries for other domestic student categories are supported by UWinnipeg to supplement living costs while studying.

Government Student Aid

The Awards and Financial Aid team helps students access government student aid programs across Canada.

Federal and Provincial Student Aid

Provincial and federal student aid and loans are the best options for students who are unable to cover their tuition and living costs while studying. Applying online is easy and the Awards office is here to help.

If you are approved for student aid, you will automatically be considered for grants and bursaries. Your student loan will not need to be repaid while you study full-time.

Obtaining government student aid could mean having **more time to study**. With tuition and living expenses covered through grants, bursaries, and loans, you won't need to sacrifice study time to earn money at a job during the academic year.

Tuition and Fees

uwinnipeg.ca/tuition

Exact tuition fees are determined by the number of courses taken and the faculty that offers them. Five courses per term, or 30 credit hours per academic year, is the maximum course load. Full-time status requires a minimum of three courses per term (18 credit hours per academic year).

Estimated Tuition and Fees for One Academic Year (September–April)

5 Courses Per Term (maximum course load)

| | |
|--|-----------------|
| Application Fee (non-refundable) | \$100 |
| Tuition–5 Courses (30 credit hours in any faculty) | \$4,245-\$4,880 |
| General Fees, Books, and Supplies | \$1,900-\$2,100 |
| UWSA Health Insurance | \$300 |
| Total | \$6,545-\$7,380 |

3 Courses Per Term (minimum course load for full-time status)

| | |
|--|-----------------|
| Application Fee (non-refundable) | \$100 |
| Tuition–3 Courses (18 credit hours in any faculty) | \$2,545-\$2,930 |
| General Fees, Books, and Supplies | \$1,300-\$1,500 |
| UWSA Health Insurance | \$300 |
| Total | \$4,245-\$4,830 |

Note:

1. All fees are estimated for the 2022/23 academic year and are subject to change. Some programs may include additional costs. All figures in Canadian dollars.

Student Central uwinnipeg.ca/student-central

For all new students, Student Central is where you go to do the following:

- › Drop off applications and documents
- › Pay tuition fees (by Interac, cheque, money order or cash only)
- › Reset WebAdvisor/Webmail password
- › Get help with course registration on Student Planning
- › Rent a locker
- › Get a student ID card

For more information contact Student Central (SC):

studentcentral@uwinnipeg.ca
204.779.UWIN | 1.800.956.1824

Visit Student Central:

489 Portage Avenue
Monday to Friday: 8:30 - 4:30

Talk to a Recruiter

Have a question? Our recruitment officers are available online and year-round to give you more information on programs and admission requirements, provide an overview of scholarships and answer any questions about the online application. Email welcome@uwinnipeg.ca and we'll be in touch.

Prospective Student Webinars

Speak with a recruitment officer and get an overview of our programs through our regular webinars. Register online at uwinnipeg.ca/presentations

Future Students Newsletter

If you would like to receive more detailed information about UWinnipeg students, academics and achievements, email welcome@uwinnipeg.ca to get the newsletter in your inbox.

Upcoming Events

Future Student Night

uwinnipeg.ca/fsn
November 22, 2022

Join us for an interactive evening where you can talk to professors, current students and staff about the outstanding opportunities available to you.

Open House

uwinnipeg.ca/openhouse
February 22, 2023

This event is a great starting point for future students who want to learn more about UWinnipeg programs and opportunities.
