

FACULTY OF ARTS

INDIGENOUS LANGUAGES

Indigenous languages are the foundation of Indigenous knowledges and communities. The Indigenous Languages Thematic Major provides students with an interdisciplinary education in Indigenous Languages that focuses on revitalization, planning, and communication.

Through core courses in Indigenous Studies and Linguistics, students grow as proficient speakers of an Indigenous language and as capable proponents of Indigenous language revitalization. Students have opportunities for experiential learning to complement teaching and research.

Graduates of the program will join a growing community of people who are dedicated to, and have the skills to support, ongoing learning, speaking, researching, and teaching Indigenous languages, contributing to the revitalization of Indigenous languages.

This program leads to a **Bachelor of Arts degree (3-year or 4-year)**. Students may also choose to take this degree as part of an **Integrated BEd/BA** to pursue a career in teaching Indigenous languages in K-12 classrooms.

TRANSITION YEAR PROGRAM

The highly supportive Transition Year Program (TYP) helps Aboriginal students make a successful transition from their community to an urban university. The TYP Coordinator assists students with their applications, course selection, and registration process. First-year students are matched with returning Aboriginal students - mentors who provide support and familiarize new students with the campus. Contact Randy White at 204.786.9983 or r.white@uwinnipeg.ca to find out more about TYP.

“My goal is to become a N  hinaw  win (Cree) teacher...in Manitoba and see the N  hinaw  win language passed on to children, so that they can speak it fluently and pass it on to their children....My overall career goal is to see all Indigenous languages survive and thrive in Canada...so there’s no worries about when they will disappear anymore.”

– Cameron Adams, Integrated Education/Indigenous Languages Student, University of Winnipeg.
