

**Value**

Up to \$2,000

**Application Deadline**

January 15, June 15,  
September 15

**Competition Results**

February 15, July 15,  
October 15

**Purpose**

To promote research development, linkages, and knowledge mobilization among disciplines and across institutions and sectors.

**General Information**

Research Workshop & Conference Grants will cover such costs as communication, travel, and research assistance.

Workshop/Conference must be held at The University of Winnipeg.

Applicants may only receive one Research Workshop & Conference Grant per fiscal year.

Workshops must have a well-defined research theme, be invitational, require no registration fees, and produce a concrete deliverable.

Conferences must have one or more defined themes relevant to scholarly research issues in a particular field and be open to all interested and qualified researchers, i.e., involve a call for papers (though it is recognized that keynote speakers may be invited).

Conferences must charge registration fees and must not be an association's annual meeting.
